

Live Project Briefs

Product Marketing Manager

1 project curated for the Product track.

Role	Product Marketing Manager
Projects	1

A light, structured handbook for understanding expectations, planning work, and preparing the final live project submission.

PROJECT TOOLKIT

Live Project Guidelines

Core guidance students should review before working on any live project.

General Guidelines for Live Projects

1. **Individual or Group Participation:** Students may complete the project individually or form a group of up to **four (4) members**. Group formation is entirely at the students' discretion; however, **all group members must belong to the same college/institution**.
2. **Weekly Project Reviews:** Students are expected to attend and follow the instructions, guidance, and action items shared by the Project Manager during the weekly live project review sessions.
3. **Self-Paced Learning:** This is a **self-paced Live Project**, and no strict weekly deadlines have been assigned to accommodate students' academic commitments. However, students are strongly encouraged to maintain consistent progress and actively participate throughout the project to maximize their learning experience.
4. **Recommended Time Commitment:** Students should dedicate approximately **2-3 hours per week** to successfully complete the project and achieve the intended learning outcomes.
5. **Project Report Submission:** Upon completion of the project, students must prepare a comprehensive **Project Report** in either **Microsoft Word (.doc/.docx)** or **PowerPoint (.ppt/.pptx)** format for evaluation. There is **no prescribed page or slide limit**. Students are encouraged to demonstrate originality and creativity by designing their own report structure and presentation format.
6. **Project Completion & Certificate:** There is **no fixed deadline** for submitting the Live Project report. Students may submit their project at any time after completing all the required work. Upon successful evaluation, the **Live Project Completion Certificate** will generally be issued within **3-4 working days**.
7. **Project Selection:** Students may choose **any one of the available Live Projects**. Those enrolled in multiple project roles may either work on all projects simultaneously or complete them sequentially, based on their convenience.
8. **Group Submission Policy:** For group projects, all team members must work on a common project report. However, **each member is required to submit the report individually through their own LMS account** to be eligible for evaluation and certification.
9. **Submission Process:** **All project submissions will be accepted exclusively through the LMS Portal**. Reports submitted via email, WhatsApp, Google Drive links, or any other platform will **not** be considered for evaluation.

PROJECT TOOLKIT

How to Start your Project (4-week Framework)

Suggested weekly rhythm for planning, analysis, drafting, and final submission.

Week-wise Roadmap for Live Project Completion**Important Note**

The following roadmap is a **recommended four-week learning framework** designed to help students approach the Live Project in a structured and industry-oriented manner.

Since this is a **self-paced project**, students who wish to complete the project earlier are welcome to do so. However, they are **strongly advised to follow the same sequence of activities (Week 01 -> Week 02 & 03 -> Week 04)** to ensure a systematic learning experience.

Students may accelerate the pace of execution but **should not skip or rearrange any stage of the project workflow**, as each phase builds the foundation for the next.

Week 01 - Market Research & Company Understanding**Objective**

The objective of Week 1 is to develop a comprehensive understanding of the company, industry, customers, and business environment before beginning the project execution.

1. Project Selection

- Review the list of available Live Projects under your selected role.
- Select one project that you wish to work on as your Live Project.

2. Company & Market Research

Conduct detailed research on the company from multiple functional perspectives to develop cross-functional business thinking. This will help you understand how different business functions contribute to solving real-world problems.

Your research should include:

- Understanding the company's objectives and core offerings
- Company Analysis
- Product & Service Analysis

- Website Analysis
- Website User Experience (UX) Analysis
- Customer Segment Analysis
- Competitor Analysis

3. Business Framework Analysis

Based on your research findings, apply relevant business and strategic frameworks to understand the company's current position and future opportunities.

Suggested frameworks include:

- SWOT Analysis
- PESTEL Analysis
- Ansoff Matrix
- Any other relevant strategic framework applicable to your project

4. Digital Landscape Research

Evaluate the company's online presence and digital positioning by conducting research on:

- Official website and digital assets
- Social media platforms
- Brand visibility and customer engagement
- Existing marketing strategies
- Competitor social media analysis
- Market gaps and potential opportunities

Week 02 & Week 03 - Project Execution & Deliverables

Objective

The objective of this phase is to solve the assigned business problem by applying your research findings and analytical skills.

Students should:

- Work on the project objectives and deliverables specified for their selected Live Project.
- Perform additional market research wherever required.

- Conduct data analysis and interpret findings.
- Brainstorm and evaluate multiple solution approaches.
- Develop practical, research-backed recommendations.
- Continuously refine the project based on insights generated throughout the execution phase.

This stage should focus on demonstrating:

- Problem-solving ability
- Strategic thinking
- Practical business recommendations

Week 04 - Final Recommendations & Project Report Submission

Objective

The final week should focus on consolidating all your work into a professional project report.

Students should:

- Prepare the final project report in either **Microsoft Word (.doc/.docx)** or **PowerPoint (.ppt/.pptx)** format.
- Organize the report in a logical and professional manner.
- Compile all research findings, analyses, project outcomes, and supporting evidence.
- Present actionable business recommendations and implementation strategies.
- Review and proofread the report before submission through the **LMS Portal**.

The final report should clearly demonstrate:

- Research methodology
- Analytical thinking
- Business understanding
- Recommendations
- Overall project outcomes

Project Details

Project 1

Market Positioning & Go-to-Market Strategy for Skilled Sapiens

Company	Skilled Sapiens
Role Category	Product

Project Brief

Skilled Sapiens aims to strengthen the market positioning of its **Campus Connect** and **Business Connect** verticals by creating distinct value propositions for each target audience. As a **Product Marketing Consultant**, your role is to evaluate customer expectations, study competitor strategies, and develop recommendations that improve how Skilled Sapiens communicates and markets its offerings.

Your focus is on research and strategy rather than execution. Based on your findings, you will recommend positioning, messaging, and Go-to-Market approaches that help Skilled Sapiens improve brand visibility, customer engagement, and product adoption across both B2C and B2B segments.

Objectives

The objective of this project is to develop research-driven product marketing strategies for Skilled Sapiens' Campus Connect and Business Connect verticals.

Students are expected to:

Business Objectives

- Understand the needs and expectations of different customer segments.
- Research competitor positioning and marketing strategies.
- Develop clear product positioning for both business verticals.
- Create audience-specific messaging and value propositions.
- Recommend suitable marketing channels and GTM approaches.
- Build strategic frameworks that improve brand differentiation and product awareness.

Learning Objectives

By completing this project, students will learn how to:

- Conduct market and customer research.
- Develop customer personas.
- Perform competitor benchmarking.
- Build product positioning frameworks.
- Create marketing messaging and value propositions.
- Design high-level Go-to-Market strategies.

Action Items

Introduction

Skilled Sapiens operates across two key business verticals:

- **Campus Connect** - offering experiential learning, leadership programs, live projects, career mentorship, and placement-focused initiatives for students and young professionals.
- **Business Connect** - providing consulting, business advisory, UI/UX design, digital marketing, and capability-building solutions for startups, SMEs, and growing businesses.

As both verticals continue to expand, it is important to develop clear product positioning and differentiated messaging that resonates with their respective audiences. Students, professionals, startup founders, and business leaders have different needs, expectations, and decision-making processes. Therefore, a one-size-fits-all marketing approach is unlikely to maximize engagement and adoption.

This project focuses on researching customer personas, analyzing competitors, and developing strategic product marketing recommendations for both Campus Connect and Business Connect. Students will work as Product Marketing Consultants to create positioning frameworks, messaging strategies, and high-level Go-to-Market (GTM) recommendations that help Skilled Sapiens strengthen its market presence.

Suggested Research Areas

Students are encouraged to explore:

- Product Marketing Fundamentals
- Customer Persona Development
- Market Segmentation
- Competitor Benchmarking
- Brand Positioning
- Value Proposition Design

- Go-to-Market Strategy
- Customer Journey Mapping
- Messaging Frameworks
- B2B and B2C Marketing Trends

Expected Learning Outcomes

By completing this project, students will be able to:

- Conduct customer and competitor research.
- Develop audience personas and market segmentation strategies.
- Build product positioning and value proposition frameworks.
- Create customer-centric messaging for different market segments.
- Design high-level Go-to-Market strategies for B2B and B2C offerings.
- Present strategic product marketing recommendations in a professional consulting-style report.
- Understand how research-driven product marketing supports business growth and market differentiation.

Deliverables

Deliverable 1: Audience Persona Research

Develop customer personas for both business verticals.

Campus Connect

Create personas such as:

- Undergraduate Student
- MBA Aspirant
- Final-Year Student
- Working Professional
- Career Switcher

Business Connect

Create personas such as:

- Startup Founder

- SME Owner
- Business Consultant
- Marketing Head
- Product Manager

Each persona should include:

- Background
- Goals
- Challenges
- Buying Motivations
- Preferred Communication Channels

Deliverable 2: Competitor Analysis

Research organizations offering similar products or services.

Possible comparison areas include:

Campus Connect Competitors

- Leadership Programs
- Career Development Platforms
- Live Project Providers
- Placement Preparation Platforms

Business Connect Competitors

- Consulting Firms
- Design Agencies
- Digital Marketing Agencies
- Business Advisory Firms

Students should compare:

- Product Positioning
- Target Audience

- Marketing Approach
- Pricing (where available)
- Content Strategy
- Brand Messaging

Deliverable 3: Product Positioning Framework

Develop separate positioning strategies for:

- Campus Connect
- Business Connect

The framework should include:

- Target Audience
- Customer Problem
- Value Proposition
- Key Benefits
- Unique Differentiators
- Brand Promise

Deliverable 4: Messaging Framework

Develop a messaging strategy for both verticals.

The framework should include:

- Brand Messaging
- Value Proposition Statements
- Elevator Pitch
- Key Communication Themes
- Sample Marketing Headlines
- Call-to-Action Suggestions

The messaging should be tailored to each customer segment.

Deliverable 5: Go-to-Market (GTM) Strategy

Develop a high-level GTM strategy for both Campus Connect and Business Connect.

Include recommendations for:

- Target Audience
- Marketing Channels
- Content Formats
- Campaign Ideas
- Customer Journey
- Awareness and Lead Generation Strategy

Suggested channels may include:

- LinkedIn
- Instagram
- YouTube
- Email Marketing
- WhatsApp
- Webinars
- Campus Outreach
- Referral Marketing

Deliverable 6: Strategic Recommendations

Prepare a consulting-style report summarizing:

- Market Research Findings
- Customer Insights
- Competitor Analysis
- Positioning Recommendations
- Messaging Strategy
- GTM Recommendations
- Expected Business Impact
