

Live Project Briefs

Sales & Marketing Manager

2 projects curated for the Sales & Marketing track.

Role	Sales & Marketing Manager
Projects	2

A light, structured handbook for understanding expectations, planning work, and preparing the final live project submission.

PROJECT TOOLKIT

Live Project Guidelines

Core guidance students should review before working on any live project.

General Guidelines for Live Projects

1. **Individual or Group Participation:** Students may complete the project individually or form a group of up to **four (4) members**. Group formation is entirely at the students' discretion; however, **all group members must belong to the same college/institution**.
2. **Weekly Project Reviews:** Students are expected to attend and follow the instructions, guidance, and action items shared by the Project Manager during the weekly live project review sessions.
3. **Self-Paced Learning:** This is a **self-paced Live Project**, and no strict weekly deadlines have been assigned to accommodate students' academic commitments. However, students are strongly encouraged to maintain consistent progress and actively participate throughout the project to maximize their learning experience.
4. **Recommended Time Commitment:** Students should dedicate approximately **2-3 hours per week** to successfully complete the project and achieve the intended learning outcomes.
5. **Project Report Submission:** Upon completion of the project, students must prepare a comprehensive **Project Report** in either **Microsoft Word (.doc/.docx)** or **PowerPoint (.ppt/.pptx)** format for evaluation. There is **no prescribed page or slide limit**. Students are encouraged to demonstrate originality and creativity by designing their own report structure and presentation format.
6. **Project Completion & Certificate:** There is **no fixed deadline** for submitting the Live Project report. Students may submit their project at any time after completing all the required work. Upon successful evaluation, the **Live Project Completion Certificate** will generally be issued within **3-4 working days**.
7. **Project Selection:** Students may choose **any one of the available Live Projects**. Those enrolled in multiple project roles may either work on all projects simultaneously or complete them sequentially, based on their convenience.
8. **Group Submission Policy:** For group projects, all team members must work on a common project report. However, **each member is required to submit the report individually through their own LMS account** to be eligible for evaluation and certification.
9. **Submission Process:** **All project submissions will be accepted exclusively through the LMS Portal**. Reports submitted via email, WhatsApp, Google Drive links, or any other platform will **not** be considered for evaluation.

**PROJECT TOOLKIT****How to Start your Project (4-week Framework)**

Suggested weekly rhythm for planning, analysis, drafting, and final submission.

Week-wise Roadmap for Live Project Completion**Important Note**

The following roadmap is a **recommended four-week learning framework** designed to help students approach the Live Project in a structured and industry-oriented manner.

Since this is a **self-paced project**, students who wish to complete the project earlier are welcome to do so. However, they are **strongly advised to follow the same sequence of activities (Week 01 -> Week 02 & 03 -> Week 04)** to ensure a systematic learning experience.

Students may accelerate the pace of execution but **should not skip or rearrange any stage of the project workflow**, as each phase builds the foundation for the next.

Week 01 - Market Research & Company Understanding**Objective**

The objective of Week 1 is to develop a comprehensive understanding of the company, industry, customers, and business environment before beginning the project execution.

1. Project Selection

- Review the list of available Live Projects under your selected role.
- Select one project that you wish to work on as your Live Project.

2. Company & Market Research

Conduct detailed research on the company from multiple functional perspectives to develop cross-functional business thinking. This will help you understand how different business functions contribute to solving real-world problems.

Your research should include:

- Understanding the company's objectives and core offerings
- Company Analysis
- Product & Service Analysis

- Website Analysis
- Website User Experience (UX) Analysis
- Customer Segment Analysis
- Competitor Analysis

3. Business Framework Analysis

Based on your research findings, apply relevant business and strategic frameworks to understand the company's current position and future opportunities.

Suggested frameworks include:

- SWOT Analysis
- PESTEL Analysis
- Ansoff Matrix
- Any other relevant strategic framework applicable to your project

4. Digital Landscape Research

Evaluate the company's online presence and digital positioning by conducting research on:

- Official website and digital assets
- Social media platforms
- Brand visibility and customer engagement
- Existing marketing strategies
- Competitor social media analysis
- Market gaps and potential opportunities

Week 02 & Week 03 - Project Execution & Deliverables

Objective

The objective of this phase is to solve the assigned business problem by applying your research findings and analytical skills.

Students should:

- Work on the project objectives and deliverables specified for their selected Live Project.
- Perform additional market research wherever required.

- Conduct data analysis and interpret findings.
- Brainstorm and evaluate multiple solution approaches.
- Develop practical, research-backed recommendations.
- Continuously refine the project based on insights generated throughout the execution phase.

This stage should focus on demonstrating:

- Problem-solving ability
- Strategic thinking
- Practical business recommendations

Week 04 - Final Recommendations & Project Report Submission

Objective

The final week should focus on consolidating all your work into a professional project report.

Students should:

- Prepare the final project report in either **Microsoft Word (.doc/.docx)** or **PowerPoint (.ppt/.pptx)** format.
- Organize the report in a logical and professional manner.
- Compile all research findings, analyses, project outcomes, and supporting evidence.
- Present actionable business recommendations and implementation strategies.
- Review and proofread the report before submission through the **LMS Portal**.

The final report should clearly demonstrate:

- Research methodology
- Analytical thinking
- Business understanding
- Recommendations
- Overall project outcomes

SALES & MARKETING MANAGER

Project Details

Project 1

Marketing Strategy Enhancement for Skilled Sapiens

Company	Skilled Sapiens
Role Category	Sales & Marketing

Project Brief

Skilled Sapiens has established itself as a trusted platform for experiential learning, leadership development, and career acceleration through its industry-oriented programs and mentorship initiatives. As the organization expands its reach across students, professionals, educational institutions, and corporate partners, it is important to ensure that its marketing strategy continues to remain relevant, competitive, and effective.

You have been appointed as a **Marketing Strategy Consultant** to evaluate the organization's current marketing efforts and recommend strategic improvements. Your role is to conduct market research, understand customer expectations, analyze competitor strategies, and assess existing marketing initiatives to identify opportunities for growth.

Based on your research, you will develop recommendations covering brand positioning, target audience strategy, content planning, campaign ideas, and performance measurement. The objective is not to execute marketing campaigns but to provide a practical, research-backed marketing strategy that can help Skilled Sapiens improve brand awareness, increase learner engagement, and strengthen its position in the career development and experiential learning ecosystem.

Objectives

The objective of this project is to evaluate Skilled Sapiens' existing marketing strategy and recommend practical, research-driven improvements that support business growth and strengthen the organization's market positioning.

Students are expected to:

Business Objectives

- Analyze the current marketing strategy of Skilled Sapiens.
- Understand the needs, preferences, and expectations of the target audience.
- Identify strengths, weaknesses, opportunities, and gaps in existing marketing efforts.

- Study competitor marketing strategies and industry best practices.
- Recommend improvements in brand positioning and messaging.
- Develop a high-level content and campaign strategy to improve audience engagement.
- Suggest measurable KPIs to evaluate marketing performance.

Learning Objectives

By completing this project, students will learn how to:

- Conduct market research
- Perform customer and competitor analysis
- Evaluate marketing strategies
- Develop strategic marketing recommendations
- Create content and campaign plans
- Present consulting-style business recommendations

Action Items

Introduction

Skilled Sapiens is an ISO-certified consulting and experiential learning platform dedicated to bridging the gap between academic learning and industry expectations. Through its Leadership Programs, Live Projects, Career Mentorship, Campus Connect initiatives, and Business Connect services, Skilled Sapiens serves students, working professionals, entrepreneurs, educational institutions, and businesses.

As the organization continues to expand its presence across multiple domains and target audiences, it is essential to periodically evaluate the effectiveness of its existing marketing strategy. While various marketing activities such as social media campaigns, webinars, partnerships, email marketing, referrals, and campus outreach are already in place, there is a need to assess their effectiveness, identify gaps, and recommend improvements based on market research and customer insights.

This project focuses on conducting a strategic review of Skilled Sapiens' current marketing approach and developing recommendations to improve brand visibility, audience engagement, lead generation, and customer acquisition. The project is research-oriented and strategy-focused, enabling students to think like marketing consultants by analyzing market trends, customer behavior, competitor strategies, and digital marketing practices.

Suggested Research Areas

Students are encouraged to explore the following as part of their research:

- EdTech and professional learning industry trends

- Career development and employability trends
- Digital marketing best practices
- Student decision-making behavior
- Competitor marketing strategies
- Content marketing trends
- Social media engagement strategies
- Brand positioning frameworks
- Customer journey mapping
- Marketing funnel analysis

Expected Learning Outcomes

By completing this project, students will be able to:

- Conduct structured market and competitor research.
- Analyze an organization's current marketing strategy using business frameworks.
- Identify marketing gaps and opportunities based on research.
- Develop strategic recommendations for brand positioning, content, and campaigns.
- Create simple marketing plans and performance frameworks.
- Present professional consulting-style reports supported by data and market insights.
- Understand how strategic marketing contributes to business growth in the EdTech and consulting industry.

Deliverables

Deliverable 1: Current Marketing Strategy Analysis

Conduct a detailed review of Skilled Sapiens' existing marketing activities.

The analysis may include:

- Current marketing channels
- Target audience served
- Brand communication
- Social media presence

- Website and landing pages
- Email marketing
- Webinar and event marketing
- Campus outreach initiatives
- Referral initiatives
- Partnerships and collaborations

Students should identify:

- What's working well
- Existing challenges
- Areas requiring improvement

Deliverable 2: Target Audience Research

Research and define the primary customer segments for Skilled Sapiens.

Possible audience categories include:

- Undergraduate Students
- MBA Aspirants
- Final-Year Students
- Fresh Graduates
- Working Professionals
- Career Switchers
- Entrepreneurs
- Colleges & Universities
- Corporate Organizations

For each segment, identify:

- Career goals
- Learning needs
- Pain points
- Preferred communication channels

- Factors influencing enrollment decisions

Deliverable 3: Competitor Analysis

Research leading organizations operating in similar domains.

Compare competitors on:

- Brand positioning
- Program offerings
- Pricing strategy
- Social media presence
- Content marketing
- Website experience
- Community building
- Student engagement
- Marketing campaigns
- Customer reviews

Students should summarize key learnings and identify opportunities for Skilled Sapiens to differentiate itself.

Deliverable 4: Brand Positioning Recommendations

Evaluate the current positioning of Skilled Sapiens and recommend improvements.

The report should cover:

- Brand promise
- Unique Value Proposition (UVP)
- Target audience positioning
- Key messaging themes
- Brand personality
- Competitive differentiation

Students should recommend how Skilled Sapiens can strengthen its positioning in the experiential learning and career development space.

Deliverable 5: Content Strategy

Develop a research-based content strategy to improve audience engagement.

Suggested content themes include:

- Career Guidance
- Industry Insights
- Resume & Interview Tips
- Live Project Success Stories
- Student Testimonials
- Mentor Spotlights
- Placement Preparation
- Leadership Skills
- Entrepreneurship
- Consulting & Business Strategy
- Finance & Investment
- Product Management
- HR and Marketing Careers

Students should prepare:

- Monthly Content Calendar
- Recommended Content Formats (Blogs, Reels, LinkedIn Posts, Webinars, Newsletters)
- Suggested Posting Frequency
- Key Content Objectives

Deliverable 6: Marketing Campaign Recommendations

Design 3-5 high-level marketing campaign ideas aligned with Skilled Sapiens' offerings.

Each campaign should include:

- Campaign Objective
- Target Audience
- Key Message

- Marketing Channels
- Suggested Content
- Expected Outcomes
- Success Metrics

Examples may include:

- Leadership Program Awareness Campaign
- Live Project Enrollment Campaign
- Campus Connect Campaign
- Career Readiness Campaign
- Alumni Success Campaign

Deliverable 7: Strategic Recommendations

Prepare a final consulting report summarizing:

- Key findings from research
- Major marketing gaps
- Priority recommendations
- Suggested implementation roadmap
- Expected business impact

Recommendations should be practical, data-driven, and aligned with Skilled Sapiens' business goals.

**Project 2**

Sales Performance Optimization for Skilled Sapiens

Company	Skilled Sapiens
Role Category	Sales & Marketing

Project Brief

Skilled Sapiens offers a wide range of career-focused learning solutions, including Leadership Programs, Live Projects, Industry Mentorship, and Professional Certifications. While the organization attracts a significant number of prospective learners through digital marketing, webinars, campus collaborations, and referrals, converting these inquiries into enrolled learners remains a key business priority.

As a **Sales Strategy Consultant**, you have been assigned to evaluate the organization's existing sales process and recommend improvements that can enhance lead management, customer engagement, and enrollment conversions.

Your role is to research customer behavior, analyze the current sales funnel, identify operational gaps, and develop strategic recommendations for optimizing sales performance. Rather than implementing sales activities, your focus will be on building a structured, data-driven sales strategy that supports business growth and improves the learner acquisition journey.

Objectives

The primary objective of this project is to evaluate Skilled Sapiens' current sales strategy and recommend practical, research-driven improvements that enhance lead conversion, customer engagement, and overall sales performance.

The primary objective of this project is to evaluate Skilled Sapiens' current sales strategy and recommend practical, research-driven improvements that enhance lead conversion, customer engagement, and overall sales performance.

Students are expected to:

Business Objectives

- Analyze the existing sales process and identify key challenges.
- Understand the customer journey from lead generation to enrollment.
- Evaluate current lead qualification and follow-up practices.
- Recommend strategies to improve lead generation and conversion.
- Develop approaches to strengthen customer engagement and relationship management.

- Propose sales performance metrics and monitoring mechanisms.
- Align the sales strategy with Skilled Sapiens' business goals and learner needs.

Learning Objectives

By completing this project, students will gain practical knowledge of:

- Sales Strategy Development
- Sales Funnel Analysis
- Customer Journey Mapping
- Lead Qualification
- Business Development
- Customer Relationship Management (CRM)
- Sales Analytics
- Performance Measurement
- Strategic Sales Planning

Action Items

Introduction

Skilled Sapiens is an ISO-certified consulting and experiential learning platform that empowers students, working professionals, and aspiring entrepreneurs through Leadership Programs, Live Projects, Career Mentorship, Industry Certifications, and Placement Preparation initiatives.

As the organization expands its portfolio of programs and reaches a larger audience through digital marketing, campus collaborations, webinars, and referrals, converting prospective learners into enrolled participants has become increasingly important. While lead generation activities continue to attract interest, there is a need to evaluate and strengthen the existing sales strategy to improve lead qualification, customer engagement, conversion rates, and overall sales performance.

This project focuses on analyzing Skilled Sapiens' current sales approach and developing strategic recommendations to optimize the learner acquisition process. Students will work as Sales Strategy Consultants to evaluate the existing sales funnel, identify improvement opportunities, and propose practical, research-based strategies to enhance sales effectiveness. The project emphasizes analysis and strategy rather than implementation, providing learners with real-world exposure to sales planning, customer relationship management, and business development.

Suggested Research Areas

Students are encouraged to explore the following topics during the project:

- Sales Funnel Analysis
- Customer Buying Behaviour
- Lead Qualification Frameworks
- Consultative Selling Techniques
- CRM Best Practices
- Lead Nurturing Strategies
- Customer Journey Mapping
- Sales Process Optimization
- EdTech Sales Models
- Relationship Selling
- Customer Retention Strategies
- Sales Performance Metrics

Expected Learning Outcomes

By completing this project, students will be able to:

- Analyze an organization's sales process using structured business frameworks.
- Understand customer acquisition and enrollment journeys in the EdTech industry.
- Evaluate lead generation and conversion strategies.
- Develop practical sales strategy recommendations based on market research.
- Design sales funnel optimization and customer engagement frameworks.
- Define meaningful sales KPIs and performance measurement systems.
- Present professional consulting-style reports with actionable recommendations.
- Apply strategic sales concepts to real-world business scenarios in the consulting and experiential learning sector

Deliverables

Deliverable 1: Target Customer Analysis

Research the primary customer segments for Skilled Sapiens.

Possible customer segments include:

- Undergraduate Students
- MBA Students
- Final-Year Students
- Fresh Graduates
- Working Professionals
- Career Switchers
- Entrepreneurs
- Colleges & Universities
- Corporate Clients

For each segment, identify:

- Career aspirations
- Learning requirements
- Buying motivations
- Common objections
- Preferred communication channels
- Factors influencing enrollment decisions

Deliverable 2: Sales Strategy Recommendations

Develop a comprehensive sales strategy for Skilled Sapiens.

The strategy should include:

- Sales objectives
- Customer segmentation
- Value proposition
- Lead qualification approach
- Sales communication strategy
- Follow-up recommendations
- Customer relationship strategy
- Enrollment conversion strategy

Students should explain how the proposed strategy addresses current sales challenges.

Deliverable 3: Lead Generation Strategy

Prepare a research-based lead generation plan.

The report should recommend suitable lead sources such as:

- Website inquiries
- Webinars
- Career workshops
- Campus Connect initiatives
- Social media campaigns
- LinkedIn outreach
- Email marketing
- Referral programs
- Alumni network
- Industry partnerships

For each source, students should identify:

- Target audience
- Expected quality of leads
- Suggested engagement approach
- Success metrics

Deliverable 4: Sales Funnel Optimization Framework

Analyze the existing learner acquisition funnel and recommend improvements at each stage.

The framework should cover:

- Awareness
- Lead Generation
- Inquiry Management
- Lead Qualification

- Counselling
- Follow-up
- Enrollment
- Onboarding

Students should recommend strategies to improve conversion at every stage of the sales funnel.

Deliverable 5: Customer Engagement Strategy

Develop recommendations to improve customer engagement throughout the sales journey.

Suggested initiatives include:

- Personalized counselling approach
- Follow-up communication plan
- Career guidance sessions
- Program recommendation framework
- Webinar engagement
- Success story sharing
- FAQ resources
- Referral engagement
- Alumni interaction

The focus should be on building trust and improving the learner experience before enrollment.

Deliverable 6: Sales Performance Framework

Design a framework for monitoring sales performance.

Suggested KPIs include:

Lead Generation Metrics

- Number of Leads Generated
- Lead Source Distribution
- Cost per Lead
- Qualified Lead Percentage

Sales Performance Metrics

- Inquiry-to-Counselling Rate
- Counselling-to-Enrollment Rate
- Overall Conversion Rate
- Follow-up Response Rate
- Average Sales Cycle
- Enrollment Numbers

Customer Metrics

- Customer Satisfaction
- Repeat Enrollment Rate
- Referral Rate
- Learner Retention

Students may present the framework using Excel, Google Sheets, or presentation dashboards.

Deliverable 7: Strategic Recommendations Report

Prepare a final consulting report summarizing:

- Current sales challenges
- Research findings
- Customer insights
- Sales strategy recommendations
- Funnel optimization suggestions
- Lead generation recommendations
- Performance measurement framework
- Expected business impact

Recommendations should be practical, research-backed, and aligned with Skilled Sapiens' growth objectives.
